Here are the the latest project updates and announcements:

Project Meetings

29 March - **Scientific Steering Committee and Executive Committee** met to discuss project proposals. Minutes from this will be available on the intranet at a later date.

28-29 March - **WP10** meeting - Minutes from this will be on the intranet at a later date.

2 May - **Project Steering Committee** meeting in Berlin. Click [here](#) to view the draft agenda.

5-6 December - **2nd Annual General Meeting** in Amsterdam.

WP13 - NCI Bari is in the process of forming an Educational Working Group.

Publications from the project

First Year Commentary - Professors Gordon McVie and Ulrik Ringborg have put together an overview of the first year activities, taken from the 1st General Meeting in December. The commentary was published in *ecancer* this month. To read it, click [here](#).

European Alliance for Personalised Medicine

The European Alliance for Personalised Medicine was launched in Brussels last week, with ECPC behind the initiative. EurocanPlatform and Partners will be involved in future work of the initiative.

There will be more information on this in the next newsletter.

News and updates wanted from YOU!

We would like to encourage participants to send in information about their past, present and future Platform activities.

The more information we receive, the more we can update the whole consortium about all the hard work you are doing!

A template will be set up in the Platform [Intranet](#) to facilitate the process. More information on this to follow.

ecancer Interviews in Berlin, 3rd May.

ecancer is attending the European Forum on Oncology meeting in Berlin, to conduct interviews with Platform participants as part of the dissemination WP. We would like to interview those attending from the Platform, who would like to talk about their WPs and activities.

All of the videos will be posted on [ecancer.tv](#) and the EurocanPlatform [website](#).

Invitations to be interviewed will be sent out in April.

Inventory of Clinical Trials Groups

The Project Coordinator would like to identify clinical trials groups there are at each consortium centre, and which national and international studies they are involved in.

The Information requests will be sent by email in the next few weeks.

Other Events and Workshops

26-28 April - **ESO-OECI International Study Day on Cancer Survivorship** entitled 'State of the Art of Cancer Survivorship Research: Symptom Management, Psychosocial Care and Rehabilitation'. Click [here](#) for details.

3-4 May - **European Forum on Oncology 2012** - Berlin. Click [here](#) for details.

7-10 July - **EACR-22: The 22nd Biennial Congress of the European Association for Cancer Research**, Barcelona, Spain. Click [here](#) for details.

8 July - **ecancer, EurocanPlatform, Vall d'Hebron Satellite Symposium** at EACR 22. This symposium will feature EurocanPlatform participants.

Forthcoming deliverables

Deliverables due in **month 18**:

- 2.1** - Expert group meeting on "two way translational cancer research" and recommendations and guidelines
- 6.2** - An agreement of institutions in order to sponsor and run investigator driven clinical trials in the participating member states
- 6.3** - Bioinformatic infrastructure and database including restricted access for partners, along with a website, for sharing and integrating biological and clinical data

- 7.2** - In vivo monitoring of responses for NSCLC via graft studies of primary tumours
- 8.3** - Validated platform for validation of kinase targets for therapy using RNAi
- 10.4** - Access rules according to stakeholders
- 12.7** - Proposal for a system of quality assessment and assurance of translational research programmes
- 16.3** - Project brochure

ecancer is here as a dissemination resource for all your news. For any press and media related issues, email claire@ecancer.org
You can also publish reports and papers that come out of the project in ecancermedicalscience for free. For information, email editor@ecancermedicalscience.com
